1.	<u>Comment.</u> This retransfer of artillery units of the lst Mecz Div.was confirmed.	25X1
_ [•	25X1
2.	<u>Comment.</u> According to the present information and observation at the post, elements of the 676th How Arty Regt of the 6th Gds Mecz Div. were transferred from Bernau to Jueterbog on 18 July.	18
3.	Comment. On 19/20 July, artillery units of the 1st Mecz	25X1 -
	Div. were apparently transferred to the Wittstock training grounds in 5 shipments.	25X1
	in) shipmenus.	25 X 1
4•	Comment. 2 shipments	25X1
L	which, according to observations at the post, carried tank units of the 1st Mecz Div, went from	s 25X1
	Doeberitz to Dranse on 13 July. On 16/1	7 25 X 1
	July, another 2 shipments with tank units of the division went to Wittstock. One of the 2 shipments is quite definitely believed to	- 1
	have been identical with shipment mentioned in the present	25X1
	report. The first return shipment of tank units to Doeberitz probably ran on 20 July.	25 X 1
		25X1
5.	Comment. These may have been the tank units of the 6th Gds Mecz Div, which were entrained in Bad Freienwalde on 2/3 July	23/1
	and, according to the present report, had been stationed at the	
	Templin training grounds	25X1
6.[Comment. Barby is the post of the 323 Engr Bn of the	25 X 1
	Third Shock Army. Elements of the battalion may have returned to the post from an exercise. The battalion had so far been assumed	
	to be stationed in a summer camp at the Bittkau training site.	
	Nauen apparently served only as forwarding station.	
7.	Comment. It is possible that units of the 7th Gds Mecz Div-	25 X 1
	(tank firing details?) returned from Letzling Heath at which locality tank details of the 10th Gds Tank Div. and 6th Gds Mecz	
	Div. had also fired in late June and early July.	
8.	Comment. These were 2 shipments of the u/i Gun Arty Brig	25 X 1
_ ∪	of the 34th Arty Div. which, according to observations at the post,	20,77
	returned to Potsdam from Altengrabow. They were exchanged with the 30th Gds Gun Arty Brig of the division, which had so far remained	
	at the post.	25X1 -
, [Comment. The three shipments presumably involved artillery	25X1
9•_	units of the 21st Gds Mecz Regt, which transferred from the Lossa	
	training grounds to Jueterbog for firing practices.	
10.	Comment. The trains probably carried rear details of the	25X1
	7th Gds Tank Div. from the post, which followed the division to	•
_	the summer camp at Werder-Markendorf.	
11.	Comment. The loading stations tend to indicate that the train	
	carried units of the 21st Gds Mecz Div. from the Lossa training groun It is not clear why elements of the division were transferred to	ids.
	Eberswalde.
